Wash Dc from July 25th 1863.

Capt.

Enclosed please find Capt Stokes report
if you returned - you are aware that it has been
impossible to get in a semi monthly inspection
report for the month of July - I will send you as
complete a monthly as possible

In reference to horses used by clerks in this
Division. I suppose it only means horses in use by
Citizen Clerks in the Cavalry, as of course it
could not be expected that clerks in Cavalry
Commands would be mounted

Mr Samuel Daniels a citizen from Iowa
is employed by Lt. M. Pickett as clerk in his Dept
by authority of Lt. M. General and is using a
Government Horse

I have the honor to be
