David Greff was Born 1813

The 23 of January

Benjamin Greff was Born 1814

The Seventh of September

Martin Greff was Born 1823

The Seventh of March

Henry Greff was Born 1812

The Thirtieth of August

Elizabeth Greff was Born 1820

The Seventh of September

This Testament, bound in leather and brass evidently belonged to the Greff family when they came from Germany to Pennsylvania, where they established iron furnaces and made a fortune. The family has disintegrated with the deaths of the last of the main line. However, there are cousins in the U. S. who may be able to use this material which has probably never been published. Bible now owned by this collector of records.
