Sir,

I yesterday presented at your office a communication, addressed to my wife, from Col. Palmer, in relation to certain vouchers which came to his hands. Deeming further explanation necessary, I state that there were two vouchers, one in the name of Walton Watley Sen, for Two hundred bushels of Corn at Fifty Cents per bushel, and one in my name for One hundred and Ten bushels (as I think) at the same price.

I have heard nothing of these vouchers since the date of Col. Palmer's note. Whether Mr. Watley has of his I am not informed. This case may have been presented by Brig. Genl James B. Steedman, by whom I was referred to you.

If the original vouchers are lost should not the Pregt. C. M. of the 2nd E. Tenn. Cav. be directed to furnish others in their place, and should not the price be advanced to Seventy five Cents, for the corn.

Your Obd. Serv.

Mr. W. A. Hyde
Jasper
Madam.

A letter directed to you was brought to me
yesterday by a man named
Sturjard who has been
in my employ as a guide.
It was given to him by
some one in Stevedon or
Bridgeport to take to you.
He tells me that he
passed through Jasper
without remembering
this message. He had got it so wet that there was very little of the last envelope left. Finding that certain vouchers which were enclosed required the approval of Col. Cook or Col. Ray of 2nd East Tenn. Cavalry, I knowing that that Regt. is at or near Washington, Tenn., I have sent the vouchers to Major Roger of that Regt., with the request that he should obtain the necessary approval and return them to me as soon as received. I will send them by courier to you at Jasper, Tenn.

I am Madison County.

Your, Respektfully,
