I send enclosed proceedings of Provost Marshal's courts among the papers left by the General. Will you please explain to me the present status of these cases - if disposed of or where issued - whether parties are still in custody - or -

I find your report of 15th Dec. in case of Dr. P. H. Eddings, sent in by Prov. Mar. at Germantown. This case seems to me to demand a trial. Can you not get the names of witnesses and memoranda of evidence from Germantown, so we can try them here without delay.

Respectfully,

General, I have here the note for Columbus, and I wish you to thank the wife of Judge M. D. Bough for her regard for a lady of high standing and fine character. Also her brother but I judge he has been a Confederate rebel, but let a repenting rebel live.

Yours very respectfully,

Sir,

My brother Dr. H. Edingson was arrested sometime since at Germantown, Tennessee by united States forces and has been confined in the Irving Block Prison for some four weeks. I would respectfully represent that there are no charges filed against him.

My brother is advanced in years and his lengthy confinement has seriously affected his health, to such an extent that my anxiety for him is very great. I would indeed be most thankful General if you would release him on a bond to report as frequently as you think proper, until the day of his trial, whenever that may be.

Sincerely trusting you will grant my prayer.

I shall be

Ever gratefully Yours,

Mrs. M. E. Baugh.
